

Dear Oakhill Day School Parents:

We are committed to ensuring the health, safety, and well-being of our children and staff at our school.

As more cases of the COVID-19 are reported, please know that we are adhering to all state and public health guidelines. We have precautions to protect the health of our students and staff.

1. We will continue to daily disinfect our school and maintain our daily vigorous cleaning protocol. This includes wiping down, tables, chairs door handles, light fixtures, toys, and any items that serve as potential touchpoints for germs
2. All classes will be separated by 10 children or less. We will promote active handwashing throughout the day. Hand sanitizer is available throughout the school
3. Currently, we are not allowing ANY person other than the enrolled child or prescreened employee into the school.

The safety and health of all children and staff is our top priority. We will continue to follow the federal and state public health guidelines as they are developing with regards to the COVID-19 virus. We will continue to monitor the situation and communicate to parents as necessary.
